Accessory Phazer Tunnel Panel Kit Availability – 2007: Phazer, Phazer GT, Phazer FX, Mountain Lite 2008: Phazer, Phazer GT, Phazer RTX, Phazer MTX

Phazer Tunnel Panel Kits for 2007 and 2008 Phazer short track and mountain models are now available from Yamaha Parts and Accessories Division (YPAD). The kit will close the hole in the tunnel below the exhaust silencer and will reduce snow and ice accumulation in the footwells and running boards. The kit will be available beginning mid-November 2008.

CAUTION:

When the tunnel hole is closed, snow can no longer reach the exhaust silencer to provide additional cooling. The additional heat deflectors in the kit must be installed or heat related damage will occur.

Installation labor time is approximately one hour. Instructions are provided with each kit and will be available on YDS (Yamaha Dealer System) in the Tech Library.

Parts Information:

| Part Number | Description | Qty | Dealer Cost | MSRP |
|----------------|-------------------------|-----|-------------|---------|
| 90891-50152-00 | Phazer Tunnel Panel Kit | 1 | \$62.29 | \$85.33 |

Kit Contents:

Contents include an aluminum tunnel panel and additional required heat deflector components.

| Item | Part Number | Description | Qty. |
|------|-----------------|--------------------------------|------|
| 1 | 8GC-21918-09-00 | Tunnel Panel | 1 |
| 2 | 90267-48023-00 | Tunnel Panel Rivets | 12 |
| 3 | 8GC-77555-09-00 | Metal Protector 5 | 1 |
| 4 | 8GC-77556-09-00 | Rubber Protector 6 | 1 |
| 5 | 8GC-77557-00-00 | Reflective Protector 7 | 1 |
| 6 | 8GC-77562-00-00 | Reflective RH Side Protector 1 | 1 |
| 7 | 8GC-77561-00-00 | Reflective LH Side Protector 1 | 1 |
| 8 | 8GC-2112B-00-00 | Reflective Sheet 1 | 1 |
